

Summer 2022 Program Fellow Boston, Cambridge and Somerville

Breakthrough Greater Boston (BTGB) is a transformative college access and teacher training program. BTGB offers six years of academic enrichment and college preparation to middle school and high school students with high potential but limited opportunities. Simultaneously, BTGB recruits, trains, and inspires a diverse cohort of high achieving college students to become the next generation of urban teachers. Leveraging a Students Teaching Students model, BTGB provides engaging, tuition-free academic programming during the summer and after school. Our students gain the skills and motivation to succeed in rigorous high school courses and, ultimately, in college. Meanwhile, our teachers gain hands-on experience, research-based training, and coaching from professional educators.

Over the past eight years, 97% of our graduating students have matriculated to college, and 82% of them have persisted through their undergraduate years. On average, more than 70% of our graduating teachers have gone on to pursue careers in education. After two decades of success at our original Cambridge site, BTGB embarked upon a significant program expansion and opened a second site in Boston in the summer of 2013. Breakthrough launched programming in its third city, Somerville, during the summer of 2018. As an independent 501c3 nonprofit Breakthrough Greater Boston is part of a national educational movement called The Breakthrough Collaborative working to improve educational outcomes for youth across 25 U.S. cities.

With a deep commitment to our mission, BTGB operates with the highest standards of integrity, and best practices, while also enjoying the ability to be innovative and flexible to meet the evolving needs of our students, families, and teachers. Our team is diverse, high-performing, and dedicated. We continue to build an organizational culture that emphasizes our core values for every member of our community:

- **Spirit:** We cherish and embody the youthful energy and spirit of our students and teachers
 - **Continual Learning:** Everyone in our community has something to learn and something to teach
 - **Team Together:** We all chip in to accomplish whatever is needed for our teammates and the broader organization
 - **Student Centered:** Our students are our first priority and our decisions center around what benefits our students
 - **Equity and Opportunity:** We value diversity of identity, background and thought. We treat everyone with dignity and respect
 - **Excellence in Everything:** We maintain high expectations for ourselves
-
