A screenshot of a web application interface. On the left, there is a vertical sidebar with five search filters: "Program Name", "Grades Served", "Program Topics", "Select date range", and "Neighborhood". Each filter has a dropdown arrow. The main area is a map of Boston and surrounding areas, showing numerous red pins representing program locations. On the right side of the map, there is a "Special Program Approach" panel with a blue header and a dropdown arrow. The panel contains text: "what is special about our programs approach is that we are very intentional with bringing the right young people together to strengthen relationships that would otherwise become negative relationships based on the neighborhoods our young people comes from. At this program students will have a chance to express themselves without being judged." At the bottom right of the map, there is a page indicator "3 - 3 / 204" and navigation arrows.
